

THE SCHOLARS' ARENA SCHOOL

(A Unit of Padmawati Shikshan Sansthan)

TSA

PROSPECTUS

Introduction

The sapling of **The Scholars' Arena** (A Unit of Padmawati Shikshan Sansthan) was planted on 6th April, 2001 with the strength of forty students and a vision to create an institution where education is a delight for the children. It has come a long way since then and set an excellent example of blending of knowledge and skills with a sense of responsibility and humanism. It is a C.B.S.E. Affiliated English Medium School of Udaipur providing value based quality education to develop all creative aspects of Student's personality.

So far the institution has been able to achieve its goal by successfully running another branch of the school at R.K. Puram, Sec.9, Hiran Magri, Udaipur and opened a new branch at Banswara in 2015. Soon it is turning up with its proposed School Starting From 2019-2020 : AKME THE SCHOLARS' ARENA SCHOOL Laxmanpura, Sagwara (Raj.). The Scholars' Arena added one more feather in its cap Eklavya Public School, Banswara in 2019-20.

In the year 2016, the institution is commemorated its festival of learning by celebrating its Crystal Jubilee with a large group of 2100 students. The success of this endeavor is the outcome of its persistence towards the ideals and values which the institution has been imparting all through these years by not only providing quality education but also striving for the holistic development of the students.

Within the short span of fifteen years, TSA has grown in all dimensions and has advanced by leaps and bounds on the path of success, adding more and more episodes of splendid achievements year by year with the team efforts of efficient and dedicated faculty members under the commendable leadership and guidance of the Administrator Dr. Lokesh Jain and Principal Dr. Sharmila Jain.

TSA firmly believes that in today's competitive era, academics alone is not enough for the child's all round development but the training and honing of other skills is an essential part of their personality development as a whole. Accordingly, the institution is not only attentive towards enhancing the psychological, intellectual, spiritual, emotional, conceptual and perceptual aptitudes and skills of the students but it is cognizant as well towards its responsibility to provide a pollution free environment for their physical well-being by keeping them among lush green surroundings and providing them endless opportunities to participate in various co-curricular activities to enrich their talents.

Thus, the institution is playing an important role to provide students a strong moral fiber to keep the sensitivity of the human heart alive to fellow beings and environment. It is determined to nurture the best qualities of its students to lay a strong foundation to create a healthy and strong society and in turn a prosperous and developed nation.

MENTOR OF THE
INSTITUTION

*"A Journey of thousand miles begins
with a single step."*

Academics & Evaluation

“Education is not preparation for life but life itself”

Keeping the above quote in mind, our curriculum is carefully planned to meet the needs of all the students. Most of all, the curriculum challenges children to apply their theoretical knowledge to create new concrete knowledge. We take pride in our strong academic arena.
